

Environmental Health Division

School Advisory Workgroup - Spring Meeting
April 18, 2023 1:00 – 2:00 PM
Teams
Note Taker-Ramiro

End Time	Item	Topic Lead	Purpose/Desired Outcome	Summary
1:10	Introductions	Amanda	<ul style="list-style-type: none"> Meet our new SAW group members! 	<ul style="list-style-type: none"> Put your info in the chat Meeting Attendance (3 LHJ reps, 6 school reps) Autumn Paskell (Principal Cypress Private School), James Long (Marysville Custodial Director), Kevin Cruse (Stanwood-Camano SD Maintenance Manager), Olivera Dobranic (Mukilteo SD, School Safety), Inez Garcia (Snohomish SD), Layne Erdman (Edmonds SD)
1:15	Goals	Amanda	<ul style="list-style-type: none"> Discussion on what we would like to accomplish with this group. 	<ul style="list-style-type: none"> Read the mission statement Ask people what they intend to get out of this work group What are our goals? List of our goals: listen to feedback, cater our program to best fit their needs, discussion and troubleshoot common issues,
1:25	Discussion on routine inspections	Amanda	<ul style="list-style-type: none"> How are you using the reports? Is there a way for us to improve the process? Option to send two school representatives for high schools inspections 	<ul style="list-style-type: none"> Routines all caught up and will be scheduling for the fall soon. Health Dept working on finalizing some more health education handouts. One SAW member requesting possible fragrance education handout (DOH has one, will provide) How are schools using reports? ❖ use violations on report to submit work orders. ❖ Communicate reports with custodial, administration and maintenance about violations in their sections.

End Time	Item	Topic Lead	Purpose/Desired Outcome	Summary
				<ul style="list-style-type: none"> ❖ Give timelines to certain sections such as administration (principals) to get work orders completed from the violations noted on report. (admin-clutter, maintenance- ceiling tiles, custodial- pesticides) ❖ Follow up with admin, maintenance, custodial items that haven't been fixed after timeline was given. ❖ Mukilteo does their own school safety inspection on top of SCHED inspection. ❖ Stanwood-Camano SD use previous inspection reports a couple of weeks before the next inspection to ensure that some previous violations are corrected.
1:35	Follow-up inspections	Amanda	<ul style="list-style-type: none"> • SCHED has identified high priority items to follow up on after a routine inspection. • Follow ups are supposed to take place in the off year • High priority items include: high CO2 levels, broken eyewash, fume hoods not working, pesticides unlocked, etc. • Any feedback? 	<ul style="list-style-type: none"> • Most think it's going well. • Others believe that some follow up visits may not be needed and are distracting. • May be possible to have schools' email or send proof that certain follow up item have been resolved instead of visit. • Possibly share with members list of follow up violation items.
1:40	Glo-germ updates	Amanda	<ul style="list-style-type: none"> • Glo-germ is booked up for the Spring but we have a waitlist • Will be continuing into the fall 	<ul style="list-style-type: none"> • Cypress private school interested in the fall (they will be emailing us to schedule)
1:50	IAQ in schools	Amanda	<ul style="list-style-type: none"> • Looking for ideas on how we can do more IAQ in schools. 	<ul style="list-style-type: none"> • Health Officer is supportive of IAQ work in schools (purple air, etc.) • More education handouts regarding IAQ may be wanted. • Marysville (James Long) stated portables main issue of having high CO2. • Some schools starting to scale back COVID-19 protocols that may be associated with IAQ. • Send out SAW members wildfire guidance from DOH?

End Time	Item	Topic Lead	Purpose/Desired Outcome	Summary
2:00	Wrap Up/Comments	All	<ul style="list-style-type: none"> Feedback and questions? 	<ul style="list-style-type: none"> Successes in schools- Mukilteo SD having one school with no household chemical violations. Lead testing- SCHED still awaiting guidance from DOH on what role we will be taking. Some schools starting to hire out lead testing contractors, others do not know how they will afford lead testing due to budget.
