

HEALTH TREK Week 13

Going Green: Environmental Health

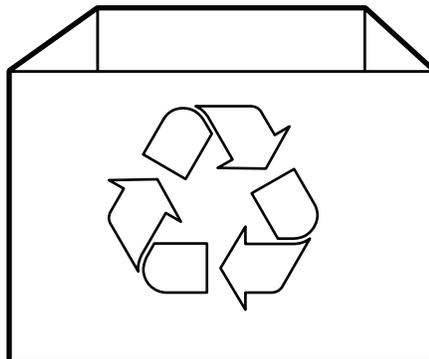

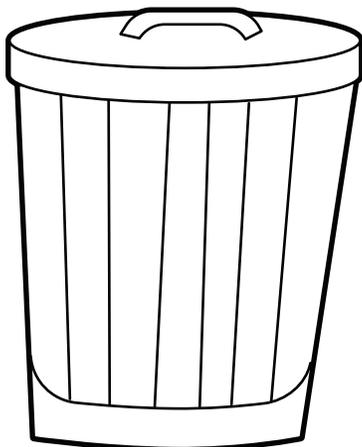

Help the environment by putting waste in the right place.*
Color in the objects below and draw a line from each one to the correct category.

waste / landfill

recycling

compost

SOLUTION:
Waste/Landfill = Plastic bag, Foam container, Wrapper
Recycling = Paper, Can, Bottle, Cardboard
Compost = Food, Yard clippings

*Guidelines may vary. Check with your waste disposal provider for specific requirements.
