Yersiniosis	1	0	0	4	1	1 *	0	0	4 *	1 *	0	3 *	4 *	16 (0.7)	3 *

The crude case rate (in parentheses) was calculated using the 2016 pop. estimates from the WA Office of Financial Management. Case rate = # of cases per 100,000 people. Case counts include confirmed and probable cases. All numbers are based off of the notification or diagnosis date. * Rates were not calculated for conditions containing < 5 cases due to instability. **The case rate for the 3 year total is the average annual case rate for the prior 3 years.

Cases counted by notification date for non-STIs. STIs counted by date of diagnosis.

County	2017 OFM
Island	82,790
San Juan	16,510
Skagit	124,100
Snohomish	789,400
Whatcom	216,300
