We need to celebrate in new ways this season so we can slow the spread of COVID-19 and keep our community healthy. The sooner we control COVID, the sooner we can gather together again.

**SAFE & SNUG**

**LOW-RISK CELEBRATIONS**

**Celebrating at home with your household**
- Staying home is the safest option for your family and our community. Save the big holiday gatherings for 2021!

**Visiting from a safe distance**
- Connect with family and friends online or by phone, or visit outside with masks and physical distancing.

**HIGH RISK**

**NOT RECOMMENDED!**

**Traditional indoor gatherings**
Gov. Jay Inslee issued a proclamation prohibiting indoor gatherings with more than one household unless participants follow quarantine and testing guidance.

**Traveling to holiday gatherings**
Travel increases your risk of getting or spreading COVID-19. Staying local is safest!

**STAY HOME, STAY SAFE, STAY CONNECTED**

Nothing replaces being together in person, but we can find creative ways to connect and have fun while staying home.

- **Have a game, craft or movie night** with your household.
- **Drop off meals** for family and friends in your area.
- **Visit with loved ones using an online meeting app** such as Zoom or Skype. Virtual charades anyone?
- **Set up a computer or phone in the kitchen or dining room so you can cook and eat together remotely.**
- **Be sure to document your celebration** with photos or video. We are living through a historic event!
- **Grab your raincoat and boots and get outside for a walk or a hike.**
- **Donate to a food bank or other charity.**
- **Hold a neighborhood cleanup day to pick up litter and rake leaves.** (Say “hi” to neighbors from a safe distance.)

**FOOD FOR THOUGHT: ALTERNATIVES TO THE BIG MEAL**

This has been an odd year, so why not try a new tradition?

- **Grab your raincoat and boots and get outside for a walk or a hike.**
- **Donate to a food bank or other charity.**
- **Hold a neighborhood cleanup day to pick up litter and rake leaves.** (Say “hi” to neighbors from a safe distance.)
