- High-risk health care workers in health care settings
- High-risk first responders
- Long-term care facility residents
- All other workers at risk in health care settings
- All people 65 years or older
- All people 50 years or older in multigenerational households (home where individuals from 2 or more generations reside such as an elder and a grandchild)
- Educators and staff for pre-K through 12th grade
- Child care providers
- High-risk critical workers who work in certain congregate settings: Agriculture; fishing vessel crews; food processing; grocery stores; corrections; prisons, jails or detention centers; public transit; remaining first responders
- People 16 years or older who are pregnant or have a disability that puts them at high risk for severe COVID-19 illness
- People 16 years or older with 2 or more co-morbidities or underlying conditions
- All people 60 years or older
- People, staff and volunteers in certain congregate living settings – specifically, correctional facilities, congregate settings where people experiencing homelessness live or access services, group homes for people with disabilities
- Other at-risk critical workers in certain congregate settings – specifically, restaurants / food services; manufacturing; construction
- All people 16 years or older not already covered
- People under 16 if the vaccine becomes recommended for this group

**FOCUS ON EQUITY:** This approach prioritizes population groups that have been disproportionately impacted by COVID-19 due to external social factors and systemic inequities.

Each group will become eligible for the vaccine one at a time and will continue to be eligible throughout the vaccine distribution. The timelines represented here are estimates and subject to change.
