

COVID-19 ACTIVITY AND CAPACITY IN SNOHOMISH COUNTY

The Healthy Washington: Roadmap to Recovery announced by Governor Jay Inslee provides a framework for regions to safely ease some restrictions while also maintaining crucial hospital capacity. The Washington State Department of Health (DOH) will compile updated data by region every Friday.

The Puget Sound Region currently meets three of the four criteria laid out in the Healthy Washington: Roadmap to Recovery.

Snohomish County will move to Phase 2 beginning on Monday, February 1.
To remain in Phase 2, the region must continue to meet at least three of the four metrics.
