

2nd Annual Teaching Cannabis Awareness & Prevention Virtual 2021 Conference

A Focus on the Triangulum of Cannabis, Tobacco and E-cigarettes

April 27-28, 8am-12pm PST

This conference is for educators, TUPE Coordinators, community-based organizations, school administrators, healthcare providers, school resource officers, parents, and anyone else working with youth to learn about the latest research on youth and cannabis, including products being used, reasons for use, health effects, and the latest available lessons for teaching cannabis education and prevention to middle school and high school aged youth.

Keynote Speakers

"Protecting Public Health and Safety in an Era of Cannabis Legalization: Implications for Youth Health"

Gillian L. Schauer, PhD, MPH
Research Scientist, Alcohol
& Drug Abuse Institute
University of Washington

"How Structural Racism Influences Adolescent Cannabis Use and Harms Associated with Use"

Renee M. Johnson, PhD, MPH
Associate Professor
Johns Hopkins Bloomberg
School of Public Health

Please see the [Conference At-a-Glance](#) for information on the 40 workshops. Topics include:

- School-based cannabis prevention programs
- Prevention efforts on the Triangulum
- Community-based cannabis prevention programs
- Parent-based preventions and interventions
- Rates and health effects of youth cannabis use
- Latest research on youth addiction
- Inequities and social justice
