

# Let's Wash Our Hands!

Washing hands with soap and warm water is an important way to get rid of germs and prevent illness.

## INSTRUCTIONS

### ON THIS PAGE:

1. Cut out the faucet/water and soap shapes.

### ON THE FOLLOWING PAGE:

1. Trace each hand. Color them in if you'd like.
2. Paste the faucet/water shape in the dotted lines.
3. Paste the soap shape in the dotted lines.

**Now it looks like you're washing your hands!**

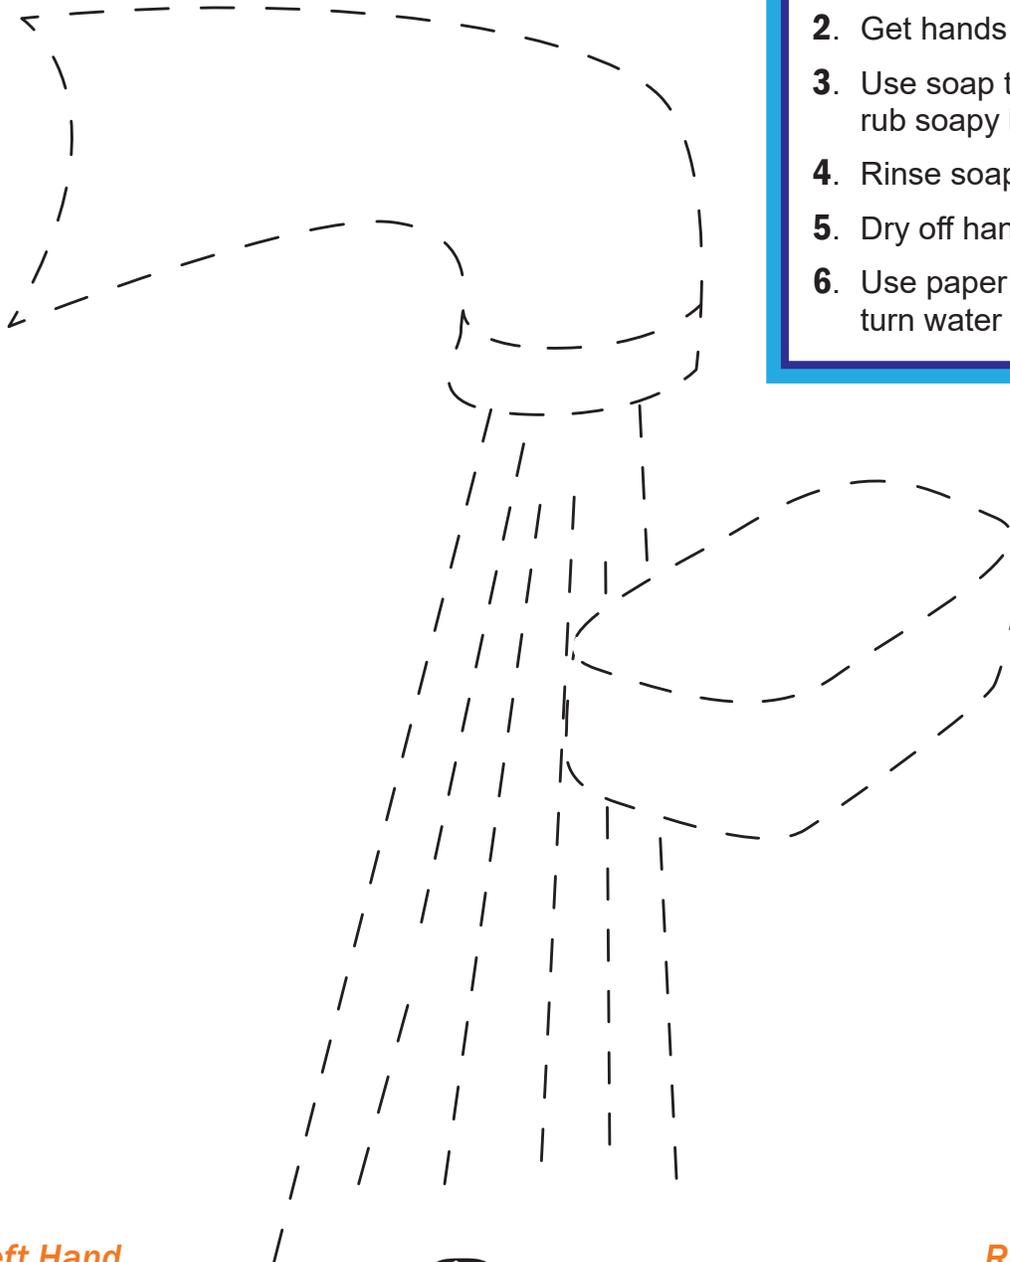

# Let's Wash Our Hands!

Washing hands with soap and warm water is an important way to get rid of germs and prevent illness.

Name: \_\_\_\_\_

*Left Hand*

*Right Hand*

### HOW TO WASH YOUR HANDS

1. Turn on warm water
2. Get hands wet
3. Use soap to make lather; rub soapy hands together
4. Rinse soap off
5. Dry off hands
6. Use paper towel to turn water off
