HEALTHY YOUTH SURVEY 2021

Marijuana Use

Recent (last 30 days) marijuana use among youth has continued a **downward trajectory**.*

Reports of ever having tried marijuana have been steady over the years, with a **small decrease in 2021**.*

While most Students report not having used marijuana in the last 30 days, those who did most often **smoked** or **vaped**.

In the past year, how many of your **4 closest friends** have used marijuana?

Almost all 6th and 8th graders believe it is **wrong** or **very wrong** for someone their age to use marijuana; attitudes among 10th and 12th graders are more divided.

*These, among other differences seen in 2021, could be an artifact of changes to daily life during the pandemic.
