

HEALTHY YOUTH SURVEY 2021

Sexual Health and Identity

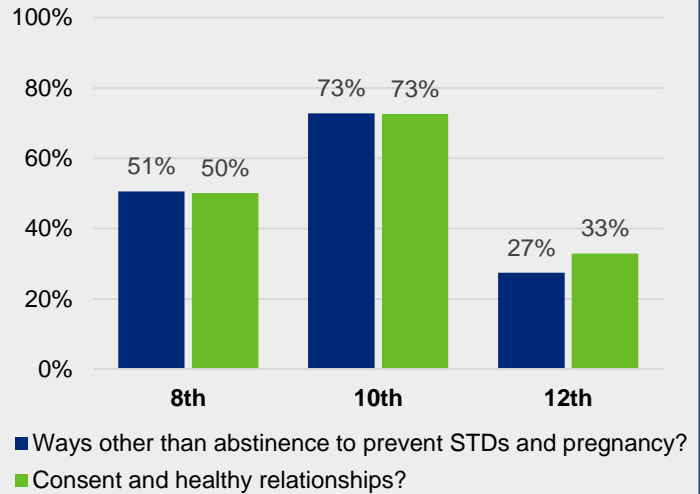

SNOHOMISH
HEALTH DISTRICT
WWW.SNOHD.ORG

Which of the following best describes your Sexual Orientation?

Last year in school, were you taught about the following?

86% of 10th graders and 63% of 12th graders **report never having had sex.**

Percent of students who report they've **never had sex***

Among those who did have sex, **condoms** were the most common contraceptive method, followed by **birth control pills**, then **IUD or implant**. Only 4% of 10th graders and 6% of 12th graders reported using **no method** to prevent STDs or pregnancy when having sex.

12th Graders who report having had sex: With how many people have you had sex?

*These, among other differences seen in 2021, could be an artifact of changes to daily life during the pandemic. For more information, please visit www.askhys.net and www.snohd.org/hys
